

SPRING

FEVER

Pile on the colour and emerge into spring with an open mind. BURNT ORANGE, lavender, SKY BLUE and soft peach all come together on a neutral base in a sharp yet dreamy look, laced with COOL METALS for polished contrast and depth.

COLLECTABLES

LOCATION Nyt i bo opened its doors to the public in 1969 as the result of Holger H. Kvist's innovative ideas on establishing a furniture house in central Copenhagen. Today Nyt i bo is a go-to for classic Danish design as well as exploring up-and-coming names. Recently the store reintroduced a number of furniture pieces originally designed for Nyt i bo during the 1970s.
